One of My Favorite NBA Players

50808 林彥廷

I started to play basketball when I was six, my dad took me to the park to play basketball almost every weekend. When I got older, I started to watch NBA with my dad, then I saw Kobe Bryant playing basketball and he has great skills, gradually he became one of my favorite NBA players. So now, I want to introduce him and share the reason why I adore him.

Kobe Bryant was the son of former NBA player Joe Bryant. He was an American professional basketball player. As a shooting guard, Bryant entered the National Basketball Association (NBA) directly from high school, and played his entire 20-season professional career in the league with the Los Angeles Lakers. Bryant won many accolades: five NBA championships, 18-time All-star, 15-time member of the All-NBA Team, 12-time member of the All-Defensive Team, 2008 NBA Most Valuable Player (MVP), and two-time NBA Finals MVP winner. Widely regarded as one of the greatest players of all time, he led the NBA in scoring during two seasons, ranks fourth on the league's all-time regular season scoring and all-time postseason scoring lists.

At 34 years and 104 days of age, Bryant became the youngest player in league history to reach 30,000 career points. Bryant was also the first guard in NBA history to play at least 20 seasons. His 18 All-Star designations are the second most all time, while it is the record for most consecutive appearances as a starter. His fans call him Mamba. Citing his physical decline, Bryant retired after the 2015-16 season.

In January this year, he died in an accident, along with his 13-year-old daughter Gianna and seven others, in a helicopter crash in Calabasas, California. This shocking news made many fans sad, including me. Although Kobe has passed away, the Mamba Mentality Never Ends. He will always be one of my favorite NBA players.

What I like about my class

51102 劉秉澤

My class is very sporty. As soon as the break time bell rings, we will leave the classroom to play a sport.

My classmate Sean especially loves sport. Sometimes, when he's doing sport, He would forget about the bell. Another classmate, Page, is the fastest athlete of our class.

We would sometimes beg our teacher to run with us, and when she agrees, we would run together during the 20 minutes break. After running, we would go back to the classroom to drink some water, then we will have math class. When we all cooled down, we feel really happy. It's like all the unhappiness in the world has disappeared with the evaporation of our sweat. I read that if you exercise, you will increase your cardiopulmonary function and strengthen your body's immune system, which is very important.

During our Sports Meet last year, our class came in second in the running relay race. The result came as a surprise because I have never got the prize before. And most important of all, the whole experience was fun.

I enjoy sports more now that I'm in this class. I feel that playing sports let me forget about worries. I love sport and I love my class.

My Favorite Country

51119 劉耘嘉

Many people had an experience of travelling abroad and so did I. However, east and west, home sweet home. My favorite country is this beautiful island, Taiwan!

Food is the essence of life. If you want to understand Taiwan, you should start at bubble tea. Bubble tea is the symbol of Taiwan and is also very famous around the world. Furthermore, if you want to understand more about Taiwan, you should go to the night markets. You will find our own unique food at the night markets, such as oyster omelet and stinky tofu. My favorite food is oyster omelet. Lots of foreigners say that it is gross and slimy, but I find that it matches perfectly with sweet chili sauce.

Besides yummy food, there are also lots of great buildings in Taiwan, such as Longshan Temple, National Palace Museum, and Taipei's landmark, Taipei 101. These great buildings combine modern and traditional cultures. For example, Taipei 101 is one of the tallest buildings in the world. Its design is inspired by the shape of bamboos, which play an important role in traditional Chinese values. However, my favorite attraction is Longshan Temple. It is a traditional Chinese temple. I used to go there with my grandmother praying for good health and good fortune.

After my brief introduction on Taiwan, I guess you will be a little more interested in this "sweet potato". Taiwan is truly a good place with delicious foods and rich cultures. Well, let's plan a trip to this beautiful island now!
