## My family

61005林丞鴻

My family and I live on Mincuan East Road in Taipei, Taiwan. There are four people in my family. My father, mother, my little sister and I. We are a happy family.

My father is a specialist. He is a diligent man. He takes the bus to work every day. Sometimes, he takes Taiwan High-Speed Rail to Tainan and Hsinchu on business trips. He also takes an airplane to China on a business trip. My father works very hard every day. My mother is a housewife. She prepares three meals a day and cleans the house. My mother accompanies me to study and goes to English cram school.

I want to be a doctor when I grow up. A doctor can treat every person. It is a great career. My mother thinks English is important to me. My dad encourages me to join "Table tennis club". He thinks playing table tennis is healthy for my eyes. Therefore, playing table tennis becomes my favorite sport.

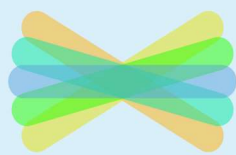

I have a little sister---Dolly. She goes to Ming Hu Elementary School, too. She is in the third grade. And I'm in the sixth grade. My sister and I walk to school with my mother every day.

I have a fluff doll. Its name is Pikachu. When I'm scared, it's like an angel to protect me. Its fur is yellow, and it has a cute tail. It's my birthday gift from my mother. I sleep with it every night. I like my family very much.
